Previous Knowledge

In Year 2 you learned:

- that some food grows in the UK & some foods grow in other countries;
- how to use a fork to aid chopping and use knives and peelers safely.
- How to make bread.

Design & Technology Key Concepts

Research	Design	Produce	Functionality	Reflect
Mechanisms	Structure	Textiles	Nutrition	

Key Facts

- Pita is a type of food made from dough.
- It originally came from Greece. No one is sure when it was first made.
- Pita can be fresh, usually made by hand
- Humus is made from chickpeas and can be frozen. It can be mixed with a huge range of different ingredients.
- Souvlaki is a Greek style wrap/sandwich!
